PROFESSIONAL SUMMARY

Performance Marketer skilled in Meta Ads, Google Ads, SEO, SEM, and conversion tracking. Builds data-driven campaigns that generate quality leads, lower acquisition costs, and improve return on ad spend.

PROFESSIONAL EXPERIENCE

Performance Marketer - Rainhopes

- Planned and launched paid campaigns on Meta and Google Ads, targeting qualified audiences to generate leads and drive measurable conversions for client businesses across industries.
- Optimized daily budgets, bids, and audience segments using live performance data, improving cost per lead, conversion rate, and return on ad spend across active campaigns.
- Tested ad creatives, copy variations, and landing page elements through structured A/B experiments, identifying winning combinations that consistently lifted click-through rates and overall conversion performance.
- Configured conversion tracking with Meta Pixel and Google Analytics, ensuring accurate attribution of website leads, online sales, and campaign results across every paid advertising channel.
- Analyzed campaign metrics such as CTR, CPC, CPA, and ROAS, then prepared clear, detailed performance reports with practical recommendations for clients and the marketing team.
- Built retargeting and lookalike audiences to re-engage website visitors and prospects, strengthening overall funnel performance and moving interested potential customers steadily toward enquiries and purchases.

Digital Marketing Tutor - Sree Sankaracharya Computer Centre, Manjeri | 2025-2026

- Delivered structured training sessions on digital marketing fundamentals, covering all core channels, audience targeting, and campaign planning to help students build practical, job-ready digital skills.

- Trained students in search engine optimization, including keyword research, on-page optimization, and content structuring, enabling them to improve website visibility and rank content more effectively.
- Taught social media marketing techniques, including content calendars, platform strategy, and engagement tactics, guiding learners to plan and publish campaigns that build online brand awareness.
- Coached students in content creation, covering copywriting, visual design basics, and storytelling, helping them produce engaging posts and promotional material for personal and business accounts.
- Designed practical exercises and hands-on assignments that let learners apply marketing concepts, strengthening their confidence using analytics, advertising tools, and design platforms such as Canva.
- Evaluated student progress through assignments and discussions, providing clear, constructive feedback and personalized guidance that improved understanding and prepared learners confidently for digital marketing careers.

Digital Marketing Manager - Axestor Advertising | 2023-2025

- Directed social media marketing campaigns across multiple platforms, strengthening brand engagement and expanding audience reach through consistent posting schedules, platform-specific content, and targeted audience strategies.
- Developed digital marketing strategies to promote products, aligning campaign objectives with target audience behavior, brand positioning, and measurable business goals across paid and organic channels.
- Managed end-to-end content creation, including copywriting, graphic design, and visual planning, ensuring every post consistently reflected brand identity and resonated with the intended audience segment.
- Launched and optimized paid advertising campaigns, adjusting targeting, budgets, and creatives based on ongoing performance data to improve reach, click-through rates, and overall campaign efficiency.
- Tracked campaign performance using analytics dashboards, compiled clear reports on engagement and reach metrics, and translated insights into practical recommendations for upcoming digital marketing initiatives.
- Strengthened brand visibility by applying SEO fundamentals and keyword research to website and social content, improving discoverability and supporting steady organic growth across online channels.

Graphic Design Trainee - Popees Baby Care Products | 6 Months

- Created visual content and layouts for product advertisements, ensuring each design stayed consistent with brand guidelines and appealed to parents looking for baby care products.
- Designed print and digital advertising layouts using Adobe Illustrator and Photoshop, applying strong composition, color balance, and typography to present products more clearly and attractively.
- Trained extensively in vector illustration, photo retouching, and layout techniques, building practical proficiency in professional graphic design tools used for advertising and promotional visual work.

- Prepared artwork files and promotional creatives for advertisement campaigns, refining alignment, spacing, and color accuracy to consistently maintain polished, professional output across every design deliverable.
- Incorporated senior designer feedback into drafts, improving visual clarity and accelerating approval of advertisement layouts while strengthening teamwork and attention to detail within the team.
- Researched layout trends and competitor advertisements to inspire fresh visual concepts, supporting eye-catching promotional materials for a baby care products brand and strengthening visual appeal.
